

# A Round for Change

Amy Gordon

Program Note: This simple melody was composed to inspire change through the art of singing. The melody can be sung completely in unison in any octave comfortable for the singers. It can also be performed as a round, with each entrance 2 measures apart (see \* for entrance points). Repeat as many times as desired. Feel free to close the round by all singing the melody in unison. There is an alternate verse that can be used as a round to inspire people to create change through voting. Feel free to adjust the lyrics of lines 1 and 4 to suit similar situations calling people to action.
